Omar Benzayed

Mobile application developer

As an aspiring IT student with a passion for innovative technology solutions, I am excited to introduce myself as a candidate for your app-building project. Earning my academic credentials in Information Technology has equipped me with a solid foundation in programming languages, software development methodologies, and problem-solving skills. My enthusiasm for staying abreast of the latest industry trends, coupled with hands-on experience gained through coursework and personal projects, position

Education

- **baccalauriat en informatique**
From September 2021 to June 2022 [lycee cite nozha](#) Zaghwane, ZA, Tunisia
- **software engineering**
Since September 2022
[institut superieur d'informatique mahdia](#) Al Mahdiah, MH, Tunisia

Work experience

- **coffeshop manager**
From June 2022 to August 2022 [white house coffeshop](#) zaghouane
In my role as a Coffee Shop Manager, I honed a diverse skill set that underscores my ability to lead and enhance the overall operation of a dynamic and customer-centric establishment. With a focus on delivering exceptional service, I successfully managed day-to-day operations, overseeing a team of dedicated baristas, and ensuring a welcoming and efficient environment for both staff and patrons.
